| 1      | Knowledge Links | As per point 10(xvii) the authorization of authorized representative shall be in the form of power of attorney. Here we believe that authorization on the agency's letter head with sign of organization's Director, about the name of authorized representative, may serve the purpose and the separate stamp paper may not be required. Please let us know, in case of any difference of opinion on the same. | No Change.                                  |

| 4      | GPSCDMRD        | Since the GST is a recent decision many organizations might not have done new assignment after its implementation.
